(c) whether it is a fact that Government have since decided against implementing the said disinvestment proposal despite Cabinet approval;

(d) if so, the reasons therefor; and

(e) if not, road-map for its implementation?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI S.S. PALANIMANICKAM): (a) and (b) Yes, Sir. On 22nd June, 2006, Government approved the following disinvestment proposals:

(i) Sale of 10% equity out of Government shareholding of 93.56%, in Neyveli Lignite Corporation Limited;

(ii) Sale of 10% equity out of Government shareholding of 87.15%, in National Aluminium Company Limited.

The volume of fund to be generated from the aforementioned disinvestment transactions would depend on the market conditions and other relevant factors at the actual time of sale. The proceeds from disinvestment in Central Public Sector Enterprises would be channelised into the National Investment Fund (NIF), which was constituted in 2005-06. According to the present scheme of NIF, 75% of the annual income of NIF will be used to finance selected social sector schemes, which promote education, health and employment. The residual 25% of the annual income of NIF will be used to meet the capital investment requirements of profitable and revivable Central Public Sector Enterprises that yield adequate returns, in order to enlarger their capital base to finance expansion/diversification. There has been no accrual to NIF so far.

(c) to (e) In view of representations about the process of disinvestment in some Public Sector Enterprises, Government has decided, on 6th July, 2006, to keep all disinvestment decisions and proposals on hold, pending further review.
